**Dr. S. B. Mujumdar, Chancellor, Symbiosis International (Deemed University)  
(Distinguished Academician & Educationist)**

# 1. SYMBIOSIS INTERNATIONAL (DEEMED UNIVERSITY)

The Symbiosis International (Deemed University) was established under Section 3 of UGC Act, 1956, in the year 2002. Prof. S. B. Mujumdar established Symbiosis on the principles of Vedic thought of "the world as one family" and proudly hosts students from many foreign countries who have come to recognize Pune as their second home.

Symbiosis International was given "Deemed to be University" status by the Ministry of Human Resource Development in 2002. The University has been re-accredited by NAAC with Grade 'A' and a CGPA of 3.58 on a four-point scale.

The Symbiosis Knowledge Village (the University campus) is nestled on a beautiful 300-acre land, at the outskirts of the city of Pune in Maharashtra, India. With changes sweeping across the Indian higher education environment, it has established need based institutes in the seven faculties of Law, Management, Computer Studies, Health & Biological Sciences, Media, Communication & Design, Humanities & Social Sciences and Engineering. Symbiosis International (Deemed University) continues to grow, evolving and benchmarking itself against the best in the world.

With a student centric philosophy, the University constantly innovates in teaching, learning, academic programs while robustly supporting student affairs and ensuring wholesome mental and physical health. Cutting edge technologies, smart classrooms and modern infrastructure positively impact the delivery of world class education. Diversity among students and staff, the availability of various experiential learning opportunities such as service learning projects, internships and value added activities lead to a more holistic development of students. The University also has a wide range of teaching and learning related MoUs with international Universities and academic institutions of repute. Students and faculty members are wholeheartedly encouraged to gain from such exposure and experience.

The Symbiosis International (Deemed University) bears in mind its objective that its ultimate aim is to participate in the task of instilling knowledge and hone skills, which are vital to students at all levels-namely, the undergraduates, graduates and postgraduates.

Prof. (Dr.) S. B. Mujumdar being conferred the 'Padma Bhusan' by the then Hon'ble President of India Smt. Pratibha Devisingh Patil Diring 2012.

## 2. Symbiosis School of Economics (SSE)

Founded in 2008, Symbiosis School of Economics is a vibrant and rapidly growing institution, with more than a decade of demonstrated success. SSE is a niche institute seeking to develop intellectual discipline, critical and analytical assessment which will result in rational thinking along with an understanding of the need for constrained optimization and a strong urge to strive towards achieving equilibrium. We at SSE, achieve these goals in an educational environment committed to excellence and academic freedom.

Higher education is critical to successful economic development and quality of life. To this effect, SSE offers graduate and postgraduate programs in Economics within which students develop the intellectual and professional competencies for successful life, work and leadership. The course content is rigorous and the approach is descriptive as well as investigative; it connects the students with every aspect of economics through various facets - the micro, the macro and the global scenario. It is our endeavour to create a class of future ready resource persons, who will be capable of including innovations and pragmatism into problem solving in varied spheres. With its interdisciplinary flavour, the curricula prepare students for careers in banks, financial institutions, corporate, media and communication, Government, academia and so on. Despite the demanding environment, there is lot of opportunity and scope for our students to put to test their creativity, originality through the plethora of extra and co-curricular activities and initiatives they are encouraged to take up. It is indeed a journey of academic pursuits, which is ever evolving incorporating different perspectives from varied stakeholders, making our courses increasingly relevant and meaningful and resulting in lifelong learning.

## 6. About B.Sc. (Economics) Honours

The B.Sc.(Economics) Honours programme is interdisciplinary. The programme seeks to develop intellectual discipline, critical and analytical thinking with a view to groom passionate individuals capable of taking up responsibility. We have a highly rigorous and relevant curriculum, catering to the dynamic nature of global markets. We, at SSE, strive hard to create an enabling framework to facilitate the smooth translation of skills to jobs.

We select the best students from the applicant pool and provide them with a platform where their skills are put to test. To safeguard the efficacy of the program, SSE has a highly comprehensive screening process. This induction criterion serves as a filter to enroll the best candidates across different disciplines with proven excellence not just in academia but also in extracurricular activities. We have an eclectic mix of student backgrounds ranging from science, commerce, humanities, arts & others. This diversified student base brings to the table a broad set of ideas, innovations and a broad framework of dynamic iterations. This talented student community, together with the knowledge ethic imbibed at SSE ensures that students are prepared to take on roles as managers, economists, statisticians, analysts and entrepreneurs.

SSE adopts innovative and proactive methods of pedagogy with emphasis on holistic developments of individuals. The coursework has been designed to acclimatize students to the rigors of a highly competitive workplace. Inherent with the coursework is a system of Continuous Evaluation (CE) that provides critical evaluation of a candidate's performance from time to time. As part of the course, all students are required to complete a two-month Industry Internship and NGO internship at the end of first & second year respectively. The objective of the internship is to give students the opportunity to experience real world applications of theories they have studied. They also conduct Primary & Secondary research as part of the curriculum. At the end of the three years, students are well prepared to face the challenges of academia, research, business and industry requirements.

## 7. Some frequently asked questions about the B.Sc (Economics) Honours Programme at SSE

### 1. Why a Bachelor's Degree in economics?

A bachelor's degree must allow a student to explore the various facets of the subject matter. The programme is academically rigorous, relevant and contemporary to meet the unique and ever-changing needs of students and employers. B.Sc (Economics) Honours programme is interdisciplinary and aims to create independent and creative professionals.

### 2. What is the course content like?

The basic focus of the SSE course content is to train students to apply economic concepts

in real life and other inter-disciplinary specializations. The curriculum is designed keeping in mind the employability of the candidate in sectors such as public and private enterprises, banking and financial services, government, consulting, academia and NGOs in India and abroad.

### **3. What kind of options can the student take up?**

The students can choose optional courses from Semester III. If one wishes to do quantitative approach can choose courses like Mathematical economics, econometrics, and operations research. The students who wish to do more non quantitative courses can take Political economy of India, agricultural economics, behavioral economics etc. For more details, please refer to the programme structure on our website [www.sse.ac.in](http://www.sse.ac.in)

### **4. What kind of students are we looking for?**

The candidates must exhibit capability for providing multiple perspectives, critical thinking and analytical abilities. They should be keen learners and have a passion for the subject.

### **5. What are the instruction styles?**

Other than the standard discourse method, case study and colloquium oriented methods will also be employed as pedagogical methodology. Apart from this, various workshops, conferences and guest lectures will be organized on a regular basis to enhance the student's understanding and sharpening of the required academic and industrial skill-sets. The students at this level are expected to read related matter and come to class so that each session becomes more interactive. The aim is to create a dynamic learning environment and enhancing the analytical and application capability of the students.

## **8. Faculty**

Faculty members are sensitive to the needs of individual students. They each have significant domain expertise and encourage students to be curious, ask questions as well as create solutions. Students will also be encouraged to contribute to the learning process not only to boost their own confidence but also to develop a rapport with the other members of their group. Our faculty use an exciting blend of group discussion, live projects, presentations, analytical sessions and formal lectures. This pedagogy brings real world economics into the classroom and allows students to test scenarios and experiment with theoretical concepts in a realistic, challenging and supportive environment. This participative learning permits a free flow of ideas between students and faculty and provides an excellent platform for development of analytical and application skills.

Faculty at SSE are involved in research in various fields. Students are encouraged to assist in research projects to enhance their learning and research experience.

### ■ **Urban Development -**

SSE has been actively engaging with researchers, practitioners and academicians over the last few years and have developed an informal network on various urban issues. SSE looks forward to starting an Urban Development Centre with the objective to have a focused approach to urban issues, which provides the necessary leverage to implement strategic interventions, test its efficacy and reorient future responses through outcome measurement and evaluation. The identified focal themes include governance, transport, poverty, basic services for urban poor (slums & housing in slums) and urban finance.

### ■ **Sustainable Development -**

Faculty members researching in this area are exploring how innovation and technology could play a pivotal role in sustainable development. They are also investigating the implications of linkages between FDI, international trade, gender and the behavioural pattern of skillful human development.

### ■ **Emerging Economies -**

The changing dynamics of the world economy is in favour of emerging nations and the increasing knowledge pool and information on these economies are going to be instrumental in radically transforming the global economy and sociopolitical dynamics by giving rise to new policy decisions through research insights for a better understanding of how markets, institutions and technologies will interact in the near future. SSE has a research thrust area for emerging economies in order to establish research and consulting linkages between the Government, corporate, researchers and think tanks.

### ■ **Behavioral and Experimental Economics -**

SSE has worked closely with corporate organizations to approach challenges in the HR and Marketing spaces, using Behavioral Economics. Faculty members' research in experimental economics is aimed towards examining how various aspects of identity and institutions influence decision making by conducting experiments and applying relevant econometric analysis.

## 12. Placements Overview

The Placement Cell, guided by a set of rules and principles maintains relationships with recruiters across various sectors. Preparing the recruitment schedule for the year, inviting firms for pre-placement talks on campus followed by final placements, and overseeing the process to its end are responsibilities that the Placement Cell endeavors to carry out successfully.

The Placement Cell at Symbiosis School of Economics works in close coordination with its faculty advisors and provides a platform for students seeking recruitment to interact with possible recruiters on the campus.

Final Placements at SSE is considered as an important dimension of educational attainment and therefore is accorded high priority. The Director and a team of highly qualified senior faculty oversee the implementation of the placement related work agenda.

Over the last three years, in particular, SSE has consciously developed, nurtured and forged long-lasting collaborations and relationships with a number of research institutes, corporate firms and NGOs and development agencies. These organizations have offered internships and final placements to our students.

## 13. Internationalization

One of the main goals of internationalization of higher education is to provide the most relevant education to the students, who will be the citizens and entrepreneurs of tomorrow. At SSE, we have the following semester exchange programs with Universities abroad. Moreover, the students after completing their degree at SSE seek admissions to various foreign universities.
