Summary of Feedback Analysis and Action Taken:

Sr. No	Particulars / Action Point	Action Taken
1.	More interactive classes for Statistics were asked for, including techniques like teaching through PowerPoint presentations and teaching of applied statistics on MS Excel. A decision of reviewing the course structure was also taken as the students found the course to be too vast to comprehend in a time-period of six months.	The Director briefed the concerned teachers accordingly and the course deliverables were reviewed and rationalised.
2.	Mathematical Economics I – Some students found not much connection between Foundation of Mathematics and Mathematical Economics I and said that a rough idea of the same can be given in Sem I as a base for Sem II.	Reviewed in the Board of Studies
3.	Critical evaluation of course linkages from one semester to another was requested (especially in the initial semesters)	Reviewed in the Board of Studies
