**Summary of Feedback Analysis and Action Taken:**

Sr. No	Particulars / Action Point	Action Taken
1.	For Behavioral Economics Maths students also have an interest to learn same. Can workshops or extra classes be arranged for them?	In the given framework options cannot be offered.
2.	Include R & Python in the academics.	It can be offered as a Value Added Course. Options will be explored.
3.	Students proposed to conduct classes for Artificial Intelligence (AI). To this, the Director agreed to organize weekend lectures on AI.	Efforts are on to conduct classes for Artificial Intelligence (AI).
4.	Students suggested to shift the course titled 'Economic Thought' course to semester I	The proposal to shift the course titled 'Economic Thought' course to Semester I was rejected on practical grounds. More so the course demands more maturity level.
5.	It came to an observation that the curriculum can be more inclusive of programming languages and use of excel can be increased	Work is in progress in this regard

		research being active part of alumni increasing admissions Social services finance investment Social work co curricular activities academics Social academic Society Industry and Family Sports Health and hygiene Infrastructure Sports Workshop and Seminars Improve Hostel Availability SSE Teaching teaching management research This is a question I can answer only in my third year. Volunteer my time join alumni association promote my college Whatever the institute wants from me to contribute Whichever area my help is needed Word of mouth Once I graduate I ll be an aluminiums will help with the placements for that concerned company
1	After graduation give three areas in which you are ready to contribute to the institute

1	Do you wish to recommend any new topic/s to the course curriculum? If Yes please specifyâ€¦;	21.82% (24)	78.18% (86)	Probably some practical class where we get an insight how to work with companies. Business management Behavioural Economics We can have more seminars or guest workshops for computer languages related to further domain of economics and other fields involving implication of economics rather than just theory because that would help us with our careers paths after graduation. Also Id really suggest the college to provide extra rooms for extracurricular activities like dance drama and music to promote enhanced learning. Monetary Economics Taxation Fashion Economics Marketing Management Managerial Economics Financial markets and Indian economics should be with respect to current scenrios same goes for International economics Behavioural Sciences/Psychology Corporate strategy Psychology More optional electives coding languages etc. Programming languages I would really like it if softwares like JAVA Python were introduced . Data Analysis/Science Microeconomics 2 should be taught in more detail. Mathematics sh
